CloneTracker™ 50M Lentiviral Barcode Library (formerly CellTracker)

Shipment Contents: CloneTracker™ 50M Lentiviral Barcode Library (Plasmid)
(formerly CellTracker)
Store at -20°C

Description:

Cellecta's CloneTracker™ 50M Lentiviral Barcode Library enables the tracking of individual clones derived from a population of cells. The library contains several million Lentiviral constructs with different barcode sequences in a single tube. When a cell population is transduced with this barcode library, the barcodes integrate into the genomic DNA of the cells. The result is a founder population where almost every cell has a different DNA-sequenceable barcode integrated into its DNA. Since the barcode is stably integrated, it is passed onto any cell progeny when genomic DNA is replicated. This feature enables identification of all the progeny derived from each individual cell.

The CloneTracker Library was constructed in a third-generation lentiviral vector that expresses TagRFP (Evrogen) and Puro resistance gene under a human ubiquitin C promoter. Specially-designed, optimized barcodes facilitate Next-Gen Sequencing (NGS) data analysis and barcode identification. Using the Illumina GAIIx, HiSeq, or NextSeq NGS system, barcode sequences are identified and converted to lists with enumerated data.

The library can be packaged into VSV-G pseudotyped viral particles using most commercially-available second or third-generation packaging mixes or Cellecta's second-generation psPAX2/pMD2.G packaging plasmid mix (Ready-to-use Packaging Plasmid Mix, Cat.# CPCP-K2A, 250 µg).

Note: The CloneTracker 50M Barcode Library was previously named the CellTracker 50M Barcode Library and the CellTracker 13K×13K Lentiviral Barcode Library.

Biosafety Level: BSL-2
Storage: -20°C
Shelf Life: 2 years from date of receipt
Shipping Conditions: Dry Ice or Blue Ice

Contents:

Catalog #	Description
BC13X13-P (was BC13X13-30M-P)	CloneTracker™ 50M Lentiviral Barcode Library (plasmid) 13K x 13K Clonal Barcode in pRS116-U6-bc-UbiC-TagRFP-2A-Puro Plasmid, >200 µg: 1.0 µg/µl , 200 µl Lot# 12082901; Store at -20°C

Quality Control

Individual Clone Sequencing Data

	Library:	CloneTracker™ 50M
Plasmid Library Lot #:		12082901
Library Complexity (number of independent clones):		>50 x 10 ⁶
# of random clones picked:		24
Mutation / Deletion / Insertion Rate:		~0.2% (~2 mutations in 1,000 bases)
Comments:		Region analyzed is total of 43 barcode inserts

Terms and Conditions

Cellecta, Inc. Limited License

Cellecta grants the end user (the "Recipient") of the CloneTracker™ 50M Lentiviral Barcode Library (the "Product") a non-transferable, non-exclusive license to use the reagents for internal research use only as described in the enclosed protocols; in particular, research use only excludes and without limitation, resale, repackaging, or use for the making or selling of any commercial product or service without the written approval of Cellecta, Inc. -- separate licenses are available for non-research use or applications. The Product is not to be used for human diagnostics or included/used in any drug intended for human use. Care and attention should be exercised in handling the Product by following appropriate research laboratory practices.

Cellecta's liability is expressly limited to replacement of Product or a refund limited to the actual purchase price. Cellecta's liability does not extend to any damages arising from use or improper use of the Product, or losses associated with the use of additional materials or reagents. This limited warranty is the sole and exclusive warranty. Cellecta does not provide any other warranties of any kind, expressed or implied, including the merchantability or fitness of the Product for a particular purpose. Use of the Product for any use other than described expressly herein may be covered by patents or subject to rights other than those mentioned. Cellecta disclaims any and all responsibility for injury or damage that may be caused by the failure of the Recipient or any other person to use the Product in accordance with the terms and conditions outlined herein.

The Recipient may refuse these licenses by returning the enclosed Product unused. By keeping or using the enclosed Product, you agree to be bound by the terms of these licenses. The laws of the State of California shall govern the interpretation and enforcement of the terms of these Licenses.

Terms and Conditions are available online at <https://www.cellecta.com/company/legal-information/terms-and-conditions/>
